

## PERSONAL STATEMENT

I am 24 years old Designer from Poland. Currently, I am living and studying Visual Communication Design in IADT Dublin, Ireland.

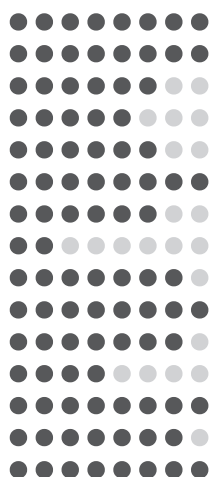

I like to call myself a multidisciplinary designer since I love working with everything related to design, but my particular area of interest is screen and motion design.

I have been working as a freelancer for last four years. I also had pleasure in working with many leading companies. I am not afraid of working in foreign countries, as well as being a part of a team!
